**Slippin' Out of Darkness** Aug 28 2019 The first biography of the seminal music group WAR whose many hits include "Spill the Wine," "All Day Music," "Why Can't We Be Friends?" "Slippin' into Darkness," "The Cisco Kid," and - of course - "Low Rider." They combined rock, funk, soul, R&B, jazz, and a strong Latin vibe in their music, they have been awarded two Platinum and eight Gold records in their career. Their album "The World is a Ghetto" was the bestselling release of 1973 and was #444 on the list of "Rolling Stone's Top 500 Albums" list. This unauthorized book follows the group from their early incarnations when Harold Brown and Howard Scott met to form the Creators and then the Night Shift, to their partnership with former Animals lead singer Eric Burdon, to a highly successful career on their own with the core original lineup of Brown, Scott, Lee Oskar, Lonnie Jordan, B.B. Dickerson, Papa Dee Allen, and Charles Miller. The story also follows the band through their later, leaner years, the tragic deaths of two members, and the conflicts that led to a fissure and a split of performing entities that continues to this day. Featuring original interviews, archival research, and musical analysis and commentary, "Slippin' Out of Darkness: The Story of WAR" tells the tale of one of the most unique bands in the history of Classic Rock-era music.

**Military Recruiting in the United States** Jul 28 2019 Military Recruiting in the United States provides a fearless and penetrating description of the deceptive practices of the U.S. military as it recruits American youth into the armed forces. Long-time antiwar activist Pat Elder exposes the underworld of American military recruiting in this explosive and consequential book. The book describes how recruiters manage to convince youth to enlist. It details a sophisticated psy-ops campaign directed at children. Elder describes how the military encourages first-person shooter games and places firearms into the hands of thousands using the schools, its JROTC programs, and the Civilian Marksmanship Program to inculcate youth with a reverence for guns. Previously unpublished investigative work reveals how indoor shooting ranges in schools are threatening the health of children and school staff through exposure to lead particulate matter. The book provides a kind of "what's coming next manual" for European peacemakers as they also confront a rising tide of militarism. The book examines the disturbing, nurturing role of the Catholic Church in recruiting youth. It surveys the wholesale military censorship of Hollywood films, pervasive military testing in the high schools, and an explosion of military programs directed toward youth. *Memoirs of a Security Contractor* Sep 29 2019 Paul "Chuck Norris" Yurkin has never been one to give up. A product of the inner city projects, he pulled himself up by the bootstraps and enlisted in the Marine Corps-serving proudly in Desert Storm before beginning a fifteen-year career with the Myrtle Beach police force. But when he saw the efforts of his policing failing to create any positive change, it wasn't long before Yurkin became jaded by the system as a whole. Seeking a new life for himself and his daughters, he met up with a private contracting firm and began training for a trip to sunny Afghanistan, where he would work on training the fledgling Afghan National Police. In the midst of two weeks of

training in Virginia, he earned the nickname that would stick with him for years to come-and met three best friends that remained by his side through dangerous missions, misadventures, and the frustrations of being stationed abroad. In *Memoirs of a Security Contractor*, Yurkin tells the true story of his time as a security contractor in Afghanistan in candid detail-in an eye-opening tale of determination, friendship, and never giving up.

**Holding Back The Tears** Apr 16 2021 This is true story about real people is set in Edinburgh City and Dundee, where a petite Scottish Lassie called Rosie Gilmour, mother to Finlay Sinclair, receives news of the death of her son - who tragically has taken his own life by hanging. Rosie pretends her son is still alive by talking to him, for that takes away the unbearable pain of her loss. But once she begins to face up to the fact that Finlay is not coming back, her conversations become more of a challenge than she can handle. When memories of her past are triggered by everyday life events, they take her mind back and forth in time - back to her own childhood days in 1960, when she flirted with the fairground boys, and to the day she gave birth to Finlay - "ME LADDIE". Rosie's Scottish accent becomes more apparent whenever her emotions are heightened and she begins to recite poetry. She goes on to reveal doubts about her own self-worth and how she re-unites her role as mother - a role she had denied herself for seven years prior to Finlay's death. Rosie learns how to forgive herself and how to accept her loss with using practical coping strategies that sometimes but not always work for her. Many voices of different natures and walks of life appear in Rosie's, story with each one offering a part of their own belief to try and console her in her misery - except that she turns her back on any advice or support offered. Rosie is convinced that she can cope with her loss on her own and "needs no help from anyone, thank you"; - until a sweet, gentle, soft-spoken voice begins to travel with her throughout her ordeal, leaving her no other choice but to listen. Eventually moving to the countryside in Angus, Rosie finds the isolation gives her life a new meaning offering her the opportunity to re-value her beliefs about her own self values and decides the time has come to give her son a memorial service and invite a chosen few dance companions whom she met on a regular basis in Edinburgh to honour this day. Rosie begins to accept she will never be the same person she once had been and shall never be again, believing now her journey through grief taught her many lessons making her a stronger and better person than she imagined she could ever be.

**Calliope** Sep 09 2020 Calliope is a literary novel. In its simplest form, it is the story of a man longing to become the young, idealistic person he once was when the world seemed completely open to promise. It is the desire to re-experience life with all the naiveté and hope of romantic youth. In its allegorical form, the story explores such themes as purpose, morality, social convention, materialism and happiness. When the protagonist meets an orange-haired girl, his life is forever altered. Her name is Calliope, and what occurs throughout the rest of the novel is a wild, episodic fugue. The flight becomes a frenetic interlacing through wilderness and civilization, this being an allusion to Jean-Jacques Rousseau's Discourse on Inequality. The wilderness comes to represent a path back to the primal self, while civilization is more dubious representing both the potential for corruption, as well as the great heights of artistic and rational endeavors. Yet while on the journey, the protagonist is forced to look at life anew in part due to the somewhat unscrupulous efforts of Calliope. Morality is examined through the eyes of Calliope, who is by all intensive purposes Greek, which means pre-Christian. Her moral code is not affected by the guilt of Christianity. Her nakedness throughout the novel in part symbolizes a complete lack of shame. As for her beliefs, an understanding of Friedrich Nietzsche's perspectivism best represents her values. This allows the protagonist an opportunity to erase everything that he has learned. All custom, all forms of etiquette, religious belief, habit and convention must be forgotten in order to re-experience the world with the sense of wonderment he so eagerly longs for. With no ties to the world, he embarks upon an epic voyage of silliness and profound examination. Lured along by this electric, orange-haired muse, he becomes convinced that she is either bent upon his supreme salvation or utter damnation. What is so amazing about the entire journey is where they both end up—a location which seems to be the last place the protagonist was in complete control of his destiny. Therefore, a true chance to begin again is perhaps realized.

**Smooth Criminal** Dec 13 2020 David T. Riley dreamt big. His desire to be a superstar recording artist led the adolescent hoodlum into the fringes of organized crime. Ironically though, it was a failed extortion attempt at the Coral Gables bus station that landed him in jail where he found his calling in June of 1960. When the CIA needed recruits to carry out dangerous spying missions to Cuba, their Ivy League educated agents would rather not do themselves, they found Riley languishing in a light green jumpsuit in Miami Dade County Jail awaiting trial. Street-smart, confident to the point of being cocky and extremely intelligent, the Agency believed he'd be able to talk his way out of any situation. Trained by the Feds to operate in a complex world of international crime, David became one of the Agency's top operatives. The CIA's use for him eventually waned, and with skills learned through covert work, Riley afforded himself an extensive career in gunrunning, drug dealing, fraud and embezzlement. SMOOTH CRIMINAL, A One-Man American Crime Wave exposes how the Government's secret release of criminals to conduct dangerous overseas assignments backfires when they return home.

**Enterprise Content Management in Information Systems Research** Aug 09 2020 This book collects ECM research from the academic discipline of Information Systems and related fields to support academics and practitioners who are interested in understanding the design, use and impact of ECM systems. It also provides a valuable resource for students and lecturers in the field. "Enterprise content management in Information Systems research – Foundations, methods and cases" consolidates our current knowledge on how today's organizations can manage their digital information assets. The business challenges related to organizational information management include reducing search times, maintaining information quality, and complying with reporting obligations and standards. Many of these challenges are well-known in information management, but because of the vast quantities of information being generated today, they are more difficult to deal with than ever. Many companies use the term "enterprise content management" (ECM) to refer to the management of all forms of information, especially unstructured information. While ECM systems promise to increase and maintain information quality, to streamline content-related business processes, and to track the lifecycle of information, their implementation poses several questions and challenges: Which content objects should be put under the control of the ECM system? Which processes are affected by the implementation? How should outdated technology be replaced? Research is challenged to support practitioners in answering these questions.

**A Hoser's Guide to Canadian History** Jul 08 2020 The great thing about being Canadian is simply this: we don't take ourselves too seriously, which works out pretty well because no one else on the planet takes us seriously, either. If you're

reading this book, there's a good chance you're a Canadian. But what does that mean? There are the stereotypical nods, such as politeness and apologizing, but there's so much more! To be honest, you've probably taken part in (or at least talked about) hockey, poutine, curling, canoes, health care, snowshoes, parkas, camping, beer, road work, Canadian Tire, Slurpees, moose, maple syrup, and Tim Hortons in the last 24 hours. "A Hoser's Guide to Canadian History" is your ticket to even more things "Canadian" that you may have missed during your water-cooler discussions, online chats, or your seventeen-hour wait in the local emergency room. As you read this book, you'll discover new and exciting facts about Canada that simply weren't taught in school. As a History teacher, I found the need to spread the unvarnished truth of this great nation's past. People like Sir John "Eh" MacDonald, Tommy Douglas, and Pierre Trudeau all had a distinct impact on this great country of ours, and part of their stories are included in these pages. Even less-famous folks who helped to shape Canada got a mention: John Humphrey, Laura Secord, and Egerton Ryerson. (Yes, "Egerton" is a real name.) Canada has an exciting past, full of events that have brought us to where we are now. Like all countries, we have some things we'd like to forget, but most of those unpleasant moments happened because we had morons in Parliament, something that doesn't happen anymore. Canadians have no need to apologize for being nice, honest, and caring people. So, please enjoy this book, and if you don't, well, I'm sorry.

*Government of Paper* Nov 04 2022 "Drawing inspiration from actor-network theory, science studies, and semiotics, this brilliant book makes us completely rethink the workings of bureaucracy as analyzed by Max Weber and James Scott. Matthew Hull demonstrates convincingly how the materiality of signs truly matters for understanding the projects of 'the state.'" - Katherine Verdery, author of *What was Socialism, and What Comes Next?* "We are used to studies of roads and rails as central material infrastructure for the making of modern states. But what of records, the reams and reams of paper that inscribe the state-in-making? This brilliant book inquires into the materiality of information in colonial and postcolonial Pakistan. This is a work of signal importance for our understanding of the everyday graphic artifacts of authority." - Bill Maurer, author of *Mutual Life, Limited: Islamic Banking, Alternative Currencies, Lateral Reason* "This is an excellent and truly exceptional ethnography. Hull presents a theoretically sophisticated and empirically rich reading that will be an invaluable resource to scholars in the field of Anthropology and South Asian studies. The author's focus on bureaucracy, "corruption," writing systems and urban studies (Islamabad) in a post-colonial context makes for a unique ethnographic engagement with contemporary Pakistan. In addition, Hull's study is a refreshing voice that breaks the mold of current representation of Pakistan through the security studies paradigm." - Kamran Asdar Ali, Director, South Asia Institute, University of Texas

Library Collection Development Policies May 18 2021 This book represents an ongoing effort to fill the void in the library literature relating to collection development policies. The authors, whose experience each spans four decades as library educators and practitioners, created the book-as well as a forthcoming companion volume devoted to school libraries-to assist both library school students and professionals in the field in the compilation, revision, and implementation of collection development policies. Cutting edge trends such as digital document delivery and library cooperation are also covered. Furthermore, given the premise that a well-rounded policy reflects all activities concerning the collection management process-including the evaluation, selection, acquisition, and weeding of information resources-it is hoped that this work will also prove useful to non-librarians possessing some kind of stake in high quality library holdings, such as library board members, politicians, and administrators directly responsible for library operations, and institutional patrons.

**OECD Studies on SMEs and Entrepreneurship The Digital Transformation of SMEs** Nov 11 2020 Despite potentially tremendous benefits, small and medium-sized enterprises (SMEs) lag in the digital transformation. Emerging technologies, as diverse as they are, offer a range of applications for them to improve performance and overcome the size-related limitations they face in doing business. However, SMEs must be better prepared, and stakes are high. SMEs make the most of the industrial fabric in many countries and regions, they create jobs (most jobs sometimes) and are the cement of inclusive and sustainable societies.

The Aspern Papers Jun 18 2021 How Far Would You Go Just To Nurture Your Obsession? feel, understand, and express everything.” - Henry James, *The Aspern Papers* An anonymous narrator arrives in Venice to retrieve Jeffrey Aspern’s - an American poet and his idol - love letters.
