If More Walls Could Talk Jul 30 2022 Valerie Green and Lynn Gordon-Findlay have put their ears to the walls of Vancouver Island's historic homes and transcribed the whispered secrets of bygone days when folk of every description left their echoes in the buildings where they lived, worked, played, and died. If the walls of a venerable mansion could speak, what stories would it tell? How about that rustic shack farther down the road? In her first book, *If These Walls Could Talk*, Valerie Green explored 50 heritage homes in the Greater Victoria area. In this second volume, she ranges further afield, covering Greater Victoria and Southern Vancouver Island, Duncan and the Cowichan Valley, Nanaimo, Port Alberni, Parksville, Qualicum Beach, Courtney and District, and Campbell River and the North Island, including homes in Telegraph Cove and Port McNeill. Each home tells of a way of life long past, of people who dwelt within its walls, when and how it was built, or how it is historically significant. Once again, Valerie's text is complemented by architectural artist Lynn Gordon-Findlay's exquisite drawings.

If These Walls Could Talk Jun 24 2019 Every sporting fan, young and old, who has been to the Sydney Cricket Ground has a fond recollection of a day or night, or days and nights, from the ground that captured the unique appeal of top-level sport at such a sacred venue. 'Memories live longer than dreams,' says 90-year-old Alan Davidson, one of the all-time greats of Australian cricket. 'That's the biggest thing about coming here. I can remember every game that I ever played, every incident, every shot.' Davidson was sitting in the home dressing room, looking out on Cricket Ground's hallowed turf, the same emerald green ground trodden on by so many Australia's sporting champions over

the last 140 years. He was in the company of his friend and old teammate Neil Harvey, and also Andrew Webster, Sydney's No.1 sportswriter. The three of them, masters of their trades, were just yarning, about the glory days and what this great sporting cathedral means to each of them. This revealing conversation opens *If These Walls Could Talk*, Webster's very personal look at what sets the Ground - and sport at the highest level - apart. Some famous names jump from the pages, including Steve Waugh, Tony Lockett, Mark Ella, Ray Baartz and Steve Mortimer. There is controversy, too, and the overwhelming sadness of the death of Phillip Hughes. Webster focuses on ten moments that hugely impacted on him, as a journalist and fan, in a way that will resonate with everyone who cherishes their own special memories of the 'SCG'.

If the Walls Could Talk Oct 01 2022 In case you've ever wondered, the walls at 1600 Pennsylvania Avenue have eyes and ears -- and, what's more, they don't miss a thing. Now, listen up because the walls have a thing or two to tell you! During President John Tyler's presidency, the White House was such a mess that it was called the "Public Shabby House." President William Howard Taft was so large that he had to have a jumbo-size bathtub installed -- one big enough for four people. President Andrew Jackson's "open door" policy at the White House resulted in 20,000 people showing up for his inauguration party. (The new president escaped to the quiet of a nearby hotel!) President Abraham Lincoln didn't mind at all that his younger sons, Tad and Willie, kept pet goats in their White House bedrooms. Children all across the country sent in their own money to build an indoor swimming pool for wheelchair-bound President Franklin D. Roosevelt so that he could exercise. President Harry S. Truman knew it was time to renovate the White House after a leg on his daughter's piano broke right through the floor. Hear these funny, surprising stories and more about the most famous home in America and the extraordinary families who have lived in it.

The Routledge International Handbook of Penal Abolition Mar 02 2020 The Routledge International Handbook of Penal Abolition provides an authoritative and comprehensive look at the latest developments in the 21st-century penal abolitionism movement, both reflecting on key critical thought and setting the agenda for local and global abolitionist ideas and interventions over the coming decade. Penal abolitionists question the legitimacy of criminal law, policing, courts, prisons and more broadly the idea of punishment, to argue that rather than effectively handling or solving social problems, interpersonal disputes, conflicts and harms, they actually increase individual and societal problems. The Routledge International Handbook of Penal Abolition is organized around six key themes: Social movements and abolition organizing Critical resistance to the penal state Voices from imprisoned and marginalized communities Diversity of abolitionist thought International perspectives on abolitionism Building new justice practices as a response to social and individual wrongdoing. A global-centred and world-encompassing project, this book provides the reader with an alternative and critical perspective from which to reflect and raises the visibility of abolitionist ideas and strategies in a time when there is considerable discussion of how we will move forward in response to what has given rise to the criminalizing system: white supremacy, racial capitalism and human wrongdoing. It is essential reading for all those engaged with punishment and penology, criminology, sociology, corrections and critical prisons studies. It will appeal to any reader who seeks an innovative response to the calamitous failures of the modern criminalizing system.

“Worsley is a thoughtful, charming, often hilarious guide to life as it was lived, from the mundane to the esoteric.” -The Boston Globe Why did the flushing toilet take two centuries to catch on? In her brilliantly and creatively researched book, Lucy Worsley takes us through the bedroom, bathroom, living room, and kitchen, covering the history of each room and exploring what people actually did in bed, in the bath, at the table, and at the stove—from sauce stirring to breast-feeding, teeth cleaning to masturbating, getting dressed to getting married—providing a compelling account of how the four rooms of the home have evolved from medieval times to today, charting revolutionary changes in society.
