Diary of a Minecraft Blacksmith - The Blacksmith and The Apprentice Sep 09 2020 Ever wonder what life is like in Minecraft? Read Legends and Heroes to find out! (Although this book is free, Google requires a credit card on your account before you can download. If you prefer, you can download the ebook in PDF format from StoneMarshall.com/LH0001-pdf-google without a Google account) Created by Stone Marshall, the author of the popular Flynn's Log series. The Stone Marshall Studio is developing a new series: Legends & Heroes A hybrid of comic-book style illustrations and short stories. Each issue is fun, challenging, and engaging. These interrelated stories follow a series of characters on a journey through life in Minecraft. Relatable characters, thrilling action, and colorful illustrations will suck in readers and leave them excited to read the next adventure! Secrets await! Solve the puzzle, uncover secrets! **The Blacksmith and The Apprentice: Issue 1** The ancient art of blacksmithing is a thing of beauty. A lot of hard work goes into the process. It's very complicated, really. Stoking the flames to many small, contained fires—making lumps of metal into differently shaped items of metal—hitting said lumps of metal with hammers to turn them into different weapons. You can shape metals into whatever item you want. Okay, it might not be a very interesting job, but apprenticing with the best blacksmith in the kingdom is a huge opportunity. Blacksmiths make the tools everyone needs to get about in their day-to-day lives. It's a very prestigious and impressive position, although this honor is lost when the position is held by Dane, a youthful boy who dreams of greater adventure! Luckily, Dane has a skilled master to reign in his daydreaming. Viegear has quite an interesting past. From his years on the Royal Guard to his close relationship with the previous king, he's quite a friend to have on your side. There is one other apprentice, Snip, who is much more passionate about his duties than Dane. Between the three of them, they churn out powerful weapons and protective armor, usually with no thanks to Dane. Of course, no cast of characters would be complete without the big man in charge—in this case, a king. By almost anyone's account, he's a good and fair ruler, but there is no one in power without enemies. Though Viegear and his workers only want to help their wonderful king, there are still plenty who wish to do him harm. But Dane can only imagine such things. It's not as if he'd ever be in the position to really make any sort of difference or be in any place of power. Right? And though his apprenticeship is mundane and boring, the young man gets a few moments of excitement. Every once in a while, his master Viegear lets him venture out past the village to visit the caravan, where he can trade and buy supplies. It's the most excitement Dane ever gets in his line of work. Sometimes, he gets to meet interesting people. Sometimes, he hears interesting things. And maybe, just maybe, he sometimes hears of a new opportunity for himself. But who would want to give up such a life as an esteemed apprentice? But of course, destiny and desire are not always what you expect . . .

Wolf Awakened Sep 29 2019 How do you thrive when you're an unwanted, worthless, human female? Simple: alter your reality by switching sides. During the day, I'm William De Luca, the only 'son' of Roberto De Luca, the king of the NYC mafia and Alpha of the deadliest wolf pack -- one this city doesn't mess with. At night, I'm Willow De Luca, cage fighter champion with a slight temper problem. Regardless of which role I'm playing, I'm plagued by the inability to shift, a condition that has Papa Dearest deeming me a 'mistake.' All the same, it's worth enduring my double life if it means staying out of my father's business and ignoring the growing legacy that's waiting for me to claim. Unfortunately, no matter how rich and powerful you are, the universe isn't going to grant you everything you want. In Father's case, it was having a son. In mine? Finding a mate. Without an inner wolf of my own, meeting a wolf shifter who's connected to me is essentially impossible. It's a forbidden dream I'd all but given up on. Then my carefully balanced life is disrupted by the arrival of a new pack that intends to make me the target of a power play to take the De Luca territory. However, one glimpse of Dimitris, Neo, Saint, and Jayce is all it takes -- I want to make them mine. I'm willing to bet everything on a dangerous gamble, because maybe being a wealthy boy by day and lethal girl at night is the double-play I need to earn the grand prize. THEM. Their Rejected Mate Sep 21 2021 My three intended mates left me rejected, half-marked, and broken. Every wolf shifter dreams about her first night with her mates, but mine left me an outcast with the revelation that I'm really a hybrid. A hybrid between a wolf and what is the question. Only my late mother knows the answer, but these days, I have other things to worry about. Namely, being caught in a war between my gorgeous jerk of a boss and the hunter who's somehow become my friend with benefits. Until the consequences of my incomplete mating mark leave me in physical anguish each full moon, that is--and the only thing keeping the monster in my veins at bay is the dark gift of a vampire lord who thinks I'm something else entirely. Can Russia Modernise? Oct 30 2019 In this original, bottom-up account of the evolution of contemporary Russia, Alena Ledeneva seeks to reveal how informal power operates. Concentrating on Vladimir Putin's system of governance - referred to as sistema - she identifies four key types of networks: his inner circle, useful friends, core contacts and more diffuse ties and connections. These networks serve sistema but also serve themselves. Reliance on networks enables leaders to mobilise and to control, yet they also lock politicians, bureaucrats and businessmen into informal deals, mediated interests and personalised loyalty. This is the 'modernisation trap of informality': one cannot use the potential of informal networks without triggering their negative long-term consequences for institutional development. Ledeneva's perspective on informal power is based on in-depth interviews with sistema insiders and enhanced by evidence of its workings brought to light in court cases, enabling her to draw broad conclusions about the prospects for Russia's political institutions.

Wolf Jun 06 2020 The Evil Dead Motorcycle Club gave Wolf his nickname. They said it was because women stood about as much chance with him as Little Red Riding Hood stood against the Big Bad Wolf. And maybe that was true. For Wolf, when it comes to his club, he's all about loyalty. He loves his brothers, he loves the freedom of the road, and he loves his independence. When it comes to women, Wolf is all about the chase. He likes the hunt, he likes the challenge, and he loves women. And for the hot-as-hell badass biker, they've always come too easily. But they never fully satisfy him. That is, until he met Crystal. Buried under that hard-edged sexy-as-sin tomboy with the smartass mouth that can put any brother in the MC in his place, is a feminine side she only reveals when pushed. And Wolf is just the man to push. Problem is she's the only woman to ever push back. Which only makes him more determined to have her. Life in the Evil Dead MC isn't easy, and neither is loving one of them. It's a life that can leave a man scarred and bloody. And sometimes the fallout is far reaching and takes more than a man is willing to give. It can be just as risky for any woman brave enough to love one of them. The scars of life run deep, for both of them. Sometimes life doesn't give you a fairytale, sometimes you have to make your own. And sometimes it takes a spitfire to tame a hell-raiser.

Old Thies, a Livonian Werewolf Jul 28 2019 "The topic of werewolves has flared in the popular imagination in recent years, but the case of Thies—a self-admitted werewolf who claimed that, thrice yearly, he transformed and battled Satan and his witches as a protector of humanity and the forest—is as baffling today as it was in seventeenth-century Livonia. At first, the judges in 1691 dismissed the 80-year-old as just a senile old man. But after protracted questioning and the testimonies of witnesses who knew Thies as a werewolf, the judges delivered a guilty verdict a year-and-a-half later on Halloween. The sentence: flogging and banishment for stealing livestock. Even at the end, Thies maintained that he "and a few other" werewolves were not servants of the Devil and refuted the inquisitors' accusations. This unusual and entertaining book is an attempt by two distinguished scholars from different methodological perspectives to wrestle with the case over the years. It is a hybrid work, at once a source text of the trial (reproduced in full in English for the first time); a glimpse at Nazi appropriation of the werewolf tale prior to WWII; a summary of Carlo Ginzburg's thoughts on the case (which he first encountered in the 1960s) using microhistorical analytic methods; Bruce Lincoln's analysis (from the 1970s), which he viewed from the perspective of comparative religion; their subsequent exchange of ideas and differing conclusions; and ending with an informal conversation. The result is a rare opportunity for students to attain an insight into the "modus operandi" of scholars who have left a great impact on the field, the merits and pitfalls of different interpretive approaches to the same historical materials, and an example of how scholarly exchange happens in the academic world, a debate not solely restricted to the exchange of formal articles in journals and conference papers"--
