**Mastering Autodesk Inventor 2020** Dec 31 2019 Autodesk Inventor was introduced in 1999 as an ambitious 3D parametric modeler based not on the familiar AutoCAD programming architecture but instead on a separate foundation that would provide the room needed to grow into the fully featured modeler it now is almost a decade later. Inventor 2009 marks a change of focus in the development of Inventor from an up-and-coming application to the current release with the inclusion of the design accelerator wizards and with refined core functions. The maturity of the Inventor tools happily coincides with the advancement of the CAD market's adoption of 3D parametric modelers as a primary design tool. And although it is important to understand that 2D CAD will likely never completely disappear from the majority of manufacturing design departments, 3D design will increasingly become a requirement for most. With this in mind, we have set out to fill the following pages with detailed information on the specifics of the tools, while addressing the principles of sound parametric design techniques.

**Piece of Cake** Jun 04 2020 Bernadette Mayer and Lewis Warsh wrote *Piece of Cake* as a work of collaborative prose poetry, based on a process of each writing on alternate days in the course of August of 1976 - the bicentennial year of America's Declaration of Independence. It recounts the quotidian details of daily activities, negotiating the exigencies of young, married-with-children life, the artistic path and citizenship. It has the classic "I did this, I did that" of a New York School of Poetry text, as characterized by the poetry of Frank O'Hara, and is somewhat reminiscent of Mayer's work *Memory*, written not long before taking up *Piece of Cake*, and a forerunner to *Midwinter Day*, also written in Lenox, Massachusetts. Another distinguishing feature of this work is that it is arguably the first significant male-female collaboration in 20th-century American poetry. Regarding the possible derivation of the work's title, and exemplary of the work's tenor, is the start of Warsh's entry of August 29: "I also recall getting up and eating a piece of left-over cake (a very sweet store-bought cake with green or possibly pinkish icing) and drinking a glass of milk at the kitchen window. Empty streets, no moon. Michael and Twinkie asleep on the floor of Bernadette's room, Guy and Karen in mine, Bill on the couch in the living room. Marie in her crib. Everyone 'dead to the world,' a phrase I dislike, what a full house."

**Up the Line** May 16 2021 “A ribald, Byzantine tale of time-tourism” from the multiple Nebula and Hugo Award–winning author (Tor.com). It’s 2059, and former law clerk Jud Elliott finds himself at loose ends—until a chance meeting with a Time Courier gives him the inspiration to become one himself. The job—as a time-traveling guide—gives him the opportunity to indulge his love of Byzantine history, in between shuttling tourists to such monumental events as the crucifixion and the assassination of JFK. But there are strict rules to follow as a Time Courier, put in place to guard against paradoxes and preserve the sanctity of “now-time.” Jud isn’t used to following the rules—especially when faced with temptation. All it takes is one tiny slip here, one misplaced step there, and Jud could destroy his own timeline and cease to exist in the blink of an eye . . . a practicality that’s hard for Jud to grasp when he crosses paths with an eleventh-century Byzantium beauty he can’t resist. “A hugely ambitious, enormously fun, sly, paradox-peppered piece that chronicles the time-tourist trade and all its perils—specializing in Byzantine history.” —Strange Horizons “This novel is a comedy, and it is funny, but it is one of those black comedies where things go wrong, and then the more the protagonist tries to fix things, the more wrong they become, until the ending is at one and the same time an O. Henry punchline and a deep existential truth, neat as a pin and just as sharp.”

Picture Perfect Jun 24 2019 As a culture, we have a love-hate relationship with perfectionism. We reward perfectionists for their insistence on setting high standards and their tireless efforts to achieve them. But psychologists link perfectionism with a host of problematic behaviors ranging from eating disorders to risk aversion to workaholism. Perfectionism is a crushing burden that can leave us angry, anxious, and paralyzed. Is the solution just to "lighten up"? In *Picture Perfect*, counselor and author Amy Baker challenges the popular notion that perfectionists need to lower their standards. After carefully examining Scripture and drawing from 25 years of counseling experience, Baker concludes, "The problem is not that our standards are too high and we just need to lighten up. The problem is that God's instruction to be perfect in Matthew 5:48 doesn't lead us to see how desperately we need him and drive us to our perfect Savior." Helping readers to dig beneath the frustration of perfectionism, Baker exposes what drives our perfectionism and shows how Christ's perfection changes our motives, beliefs, desires, fears, anxieties, and goals. Readers will discover that only God's grace can transform the aching "not enough" of perfectionism into the overflowing abundance of faith.

Sleep, My Child, Forever Oct 28 2019 The dark double life of Ellen Boehm, the mother who murdered her two sons—and nearly killed her daughter. Ellen Boehm, a single mom from St. Louis, Missouri, appeared devoted to her children. But in reality, she was unequipped for motherhood, financially strapped, and desperate. Within a year of each other, her sons, ages two and four, died mysteriously, and Boehm’s eight-year-old daughter then suffered a near-fatal mishap when a hair dryer fell into the girl’s bath. While neighbors wondered how Boehm remained so calm through it all, Det. Sgt. Joseph Burgoon of St. Louis Homicide had darker suspicions. Burgoon soon unraveled a labyrinth of deception, greed, and obsession that revealed a cold-blooded killer whose get-rich-quick scheme came at the cost of her children’s lives. Boehm had taken out insurance policies on her children with six different companies totaling nearly \$100,000. Using police reports, case documents, and photos, journalist John Coston recreates the events that led to one mother’s unspeakable acts of filicide—and a cop’s relentless pursuit of the truth.

**Going There** Oct 21 2021 This heartbreaking, hilarious, and brutally honest memoir shares the deeply personal life story of a girl next door and her transformation into a household name. For more than forty years, Katie Couric has been an iconic presence in the media world. In her brutally honest, hilarious, heartbreaking memoir, she reveals what was going on behind the scenes of her sometimes tumultuous personal and professional life - a story she’s never shared, until now. Of the medium she loves, the one that made her a household name, she says, “Television can put you in a box; the flat-screen can flatten. On TV, you are larger than life but smaller, too. It is not the whole story, and it is not the whole me. This book is.” Beginning in early childhood, Couric was inspired by her journalist father to pursue the career he loved but couldn’t afford to stay in. Balancing her vivacious, outgoing personality with her desire to be taken seriously, she overcame every obstacle in her way: insecurity, an eating disorder, being typecast, sexism . . . challenges, and how she dealt with them, setting the tone for the rest of her career.

Couric talks candidly about adjusting to sudden fame after her astonishing rise to co-anchor of the TODAY show, and guides us through the most momentous events and news stories of the era, to which she had a front-row seat: Rodney King, Anita Hill, Columbine, the death of Princess Diana, 9/11, the Iraq War . . . In every instance, she relentlessly pursued the facts, ruffling more than a few feathers along the way. She also recalls in vivid and sometimes lurid detail the intense pressure on female anchors to snag the latest “get”—often sensational tabloid stories like Jon Benet Ramsey, Tonya Harding, and OJ Simpson. Couric’s position as one of the leading lights of her profession was shadowed by the shock and trauma of losing her husband to stage 4 colon cancer when he was just 42, leaving her a widow and single mom to two daughters, 6 and 2. The death of her sister Emily, just three years later, brought yet more trauma—and an unwavering commitment to cancer awareness and research, one of her proudest accomplishments. Couric is unsparing in the details of her historic move to the anchor chair at the CBS Evening News—a world rife with sexism and misogyny. Her “welcome” was even more hostile at 60 Minutes, an unrepentant boys club that engaged in outright hazing of even the most established women. In the wake of the MeToo movement, Couric shares her clear-eyed reckoning with gender inequality and predatory behavior in the workplace, and downfall of Matt Lauer—a colleague she had trusted and respected for more than a decade. Couric also talks about the challenge of finding love again, with all the hilarity, false-starts, and drama that search entailed, before finding her midlife Mr. Right. Something she has never discussed publicly—why her second marriage almost didn’t happen. If you thought you knew Katie Couric, think again. *Going There* is the fast-paced, emotional, riveting story of a thoroughly modern woman, whose journey took her from humble origins to superstardom. In these pages, you will find a friend, a confidante, a role model, a survivor whose lessons about life will enrich your own.
