***Jung's Answer to Job* Oct 28 2019** Greeted with controversy on its publication, *Answer to Job* has long been neglected by many serious commentators on Jung. In *Jung's Answer to Job: A Commentary*, the author argues that such neglect is due to a failure to understand Jung's objectives in this text and offers a new way of reading the work. The book places *Answer to Job* in the context of biblical commentary, and then examines the circumstances surrounding its compositions and immediate reception. A detailed commentary on the work discusses the major methodological presuppositions informing it and explains how key Jungian concepts operate in the text. *Jung's Answer to Job: A Commentary* unravels Jung's narrative by reading it in the chronological order of the biblical events in analyses and the books to which it refers, offering a comprehensive re-reading of Jung's text. An original argument put across in a scholarly and accessible style provides an essential framework for understanding the work.
