The New York Times bestselling spy novel *The Company* lays bare the history and inner workings of the CIA. This critically acclaimed blockbuster from internationally renowned novelist Robert Littell seamlessly weaves together history and fiction to create a multigenerational, wickedly nostalgic saga of the CIA—known as “the Company” to insiders. Racing across a landscape spanning the legendary Berlin Base of the '50s, the Soviet invasion of Hungary, the Bay of Pigs, Afghanistan, and the Gorbachev putsch, *The Company* tells the thrilling story of agents imprisoned in double lives, fighting an amoral, elusive, formidable enemy—and each other—in an

internecine battle within the Company itself. “Compulsive reading from start to finish.” —The Boston Globe “Hugely entertaining . . . A serious look at how our nation exercises power. . . . Popular fiction at its finest.” —The Washington Post Book World “As it happens, this longest spy novel ever written turns out to be one of the best.” —Chicago Tribune “Reads like a breeze . . . guaranteed to suck you right back into the Alice-in-Wonderland world of spy vs. spy.” —Newsweek “If Robert Littell didn’t invent the American spy novel, he should have.” —Tom Clancy “It’s gung-ho, hard-drinking, table-turning fun.” —Publishers Weekly [Pied Piper Effect](#) Apr 26 2020 This publication is intended for the Elder's of any community, educators, the young and old. More specifically, those individuals who are presently encountering difficulty in their transformational process in making productive career decisions, as well as, those who have reached the final stage of adolescence, in their quest for psycho-social development. The greatest experience that an individual can have is being empowered with knowledge of self, i.e., cultural awareness, which emanates into self-pride and confidence in one's ability to achieve success in all of their endeavors in life. Culture becomes the vessel that propels the individual into action in a conscious state of existence. Once bought into this state of consciousness, one is enabled to make proactive decisions in their lives, no longer allowing the media, environmental conditions, and

others to become enablers for them. Each chapter represents different phases of mentally transforming instructive messages, thus, initiating a new way of listening, contemplating and reacting to the conditions of the Pied Piper. The order and arrangement of this book is a governing line of thought, all of which corresponds to the Pharonic mentality. As one synthesis the information of each proceeding chapters it embark the reader on a journey of self-exploration. This book heightens the individual's ability to convert words of power, into inner strength and spiritual ascendancy. This book is not to be read like a novel, but explored chapter by chapter as a mean of grasping the intricate nature of the subject matter. Also, it is an excellent introductory examination of the various facets involved in the Pied Piper Effect and the impact that music has on society as a whole. As my Grandmother use to say, "If You Dance To The Music, You Have To Pay The Piper."

Brooklyn P.I. and ex-CIA agent looks for a missing man while suffering from an identity crisis in this thriller by the bestselling author of *The Company*. Martin Odum is a onetime CIA field agent turned private detective in Brooklyn, struggling his way through a labyrinth of memories and past identities—“legends” in Agency parlance. But who is Martin Odum? Is he a creation of the Legend Committee at the CIA’s Langley headquarters? Is he suffering from multiple personality disorder,

brainwashing, or simply exhaustion? Widely considered one of the true grand masters of American spy fiction, Robert Littell shifts focus from the broad Cold War canvas of his international bestseller *The Company* to the life of a single CIA operative caught in a contradictory "wilderness of mirrors" in which remembering the past and forgetting it are both deadly options. From unforgettable opening to astonishing ending, *Legends* again proves Littell's unparalleled prowess as a seductive storyteller. "Littell provides plenty of inside intelligence info in his superb new thriller, but he adds a decidedly comic spin. . . . As the bodies of his friends and clients begin to pile up, Odum searches for answers about not only the missing husband but also himself. Wonderful writing and a great sense of fun make this another winner."

—Publishers Weekly, starred review "Now and then novels come along of such originality and power that they blow me away.... [*Legends*] makes it blazingly clear that Littell's is one of the most talented, most original voices in American fiction today." —The Washington Post

Christopher Lehmann-Haupt of The New York Times called it "a perfect little gem, the best Cold War thriller I've read in years," and the praise kept coming with critics hailing Littell as "the American Le Carré" (New York Times) and raving that his books were "as good as thriller writing gets" (The Washington Post). For his fourteenth novel, Robert Littell creates an engrossing, multigenerational, wickedly nostalgic yet utterly candid saga, bringing to life through a host of characters-historical and imagined-the over 40 years of the CIA-"the Company" to insiders. At the heart of the novel is a stunningly conceived mole hunt involving such rivals and allies as the MI6, KGB, and Mossad. Racing across a canvas that spans the legendary Berlin Base in the 1950s-the front line of the simmering Cold War-to the Soviet invasion of Hungary, the Bay of Pigs, the Afghan war, the Gorbachev putsch, and other major theatres of operation for the CIA, *The Company* tells a thrilling story of agents imprisoned in double lives, fighting an enemy that was amoral, elusive, formidable. Littell tells it like it was: CIA agents, fighting not only the good fight, but sometimes the bad one as well. Littell also brilliantly lays bare the warring within the *Company* to add another dimension to the spy vs. spy

game: the battles between the counterintelligence agents in Washington, like the utterly obsessive real-life mole hunter James Angleton, and the covert action boys in the field, like The Company's Harvey Torriti-the Sorcerer-a brilliant and brash rule breaker and dirty tricks expert who fights fire with fire, and his Apprentice, Jack McAuliffe, recruited fresh

out of Yale, who learns tradecraft and the hard truths of life in the field. As this dazzling anatomy of the CIA unfolds, nothing less than the world's future in the second half of the twentieth century is at stake. At once a celebration of a long Cold War well fought, an elegy for the end of an era, and a reckoning for a profession in which moral ambiguity created a wilderness

of mirrors, The Company is the Cold War's devastating truth, its entertaining tale, its last word.
