Often, students do poorly on these tests just because they are not prepared - and then they may

get set back a semester or even a year taking math they have already mastered. The best way to prepare for the COMPASS math placement is to make sure you can work the sample problems written by ACT, the company that writes the COMPASS test. But ACT's sample test booklet gives you only questions and answers - without telling you how they got there. This book, written by a community college professor who has taught remedial math, contains answer explanations for questions in ACT's math placement test sample booklets. It is designed to help you prepare for the COMPASS math placement test so that you can get the score you need

Guide to Conquering the
COMPASS Mathematics
Placement Test is self-
contained and gives
comprehensive coverage of
topics (Pre-algebra and
Algebra) often encountered on
the COMPASS Mathematics
Placement Test. It is unique
since it focuses solely on
preparing students to pass the
COMPASS Mathematics
Placement Test. The text is
written with the student in
mind. Therefore, it offers an
uncomplicated approach for
ease of comprehension, which
is then reinforced by lots of
follow-up examples that
illustrate the rules. The guide
uses standard as well as

alternative techniques that
help students “get it”. A
skeleton of this text has been
used by one of the authors'
students with great success.
Thus, this finished more
“polished” version would be of
invaluable help for all students
preparing to take the
COMPASS Mathematics
Placement Test. The text can
be used for a fast paced
Immersion Program as well as
for an entire semester course.

[Virginia Math Placement Test
Practice Answers Explained](#) Jun
30 2022 Community Colleges
in Virginia require new
students to take a test for math
placement. Often students do
poorly on this test just because
they are not prepared -- and
then they may get set back a
semester or even a year taking

developmental math. This book explains the answers to the practice questions for the Virginia Community College System's math placement test (for the developmental math

section only). Use it to prepare for the test so you can get the score you need to start college taking the math you want. Note: The questions whose answers are explained in this

book are not included. To use the book you will need to use the Internet to see the questions. (Or email the author, who will send the questions to you.)
