Fundamentals of Organizational Behaviour Oct 21 2021

Psychology, Canadian Edition Nov 09 2020 This bestselling textbook portrays the latest developments in psychology in a charismatic style that will inspire a lifelong love of science. As top researchers, committed educators, and writers who hit the bestsellers lists, this extraordinary author team keeps students captivated page after page, story after story, with Ingrid Johnsrude bringing in Canadian research and examples. The new edition takes a closer look at the role psychology plays in our society, with new material in Chapter 2 that looks at the truth about psychological science, the rate of replication in published studies, and how critical thinking is foundational in science and life. Chapter 1 presents a new look at the history of the science with unexpected stories and new insights into its surprising origins. Each chapter has been fully updated with Canadian-based research and examples to portray a field that is constantly evolving and illuminating the world today. Combined with LaunchPad, including the LearningCurve adaptive quizzing system, the new Fifth Edition is a powerful way to introduce students to the science of psychology.

Seeing Ourselves : Classic, Contemporary, and Cross-cultural Readings in Sociology Apr 26 2022

Principles of Classroom Management Jun 24 2019 Principles of Classroom Management, Third Canadian Edition is designed to help you improve the teacher-student relationship in order to foster positive student behaviour and academic success. Instead of labelling students as problematic, the authors emphasize the situation, placing the onus on teachers to modify either their behaviour or the situation. The other pillar of Principles of Classroom Management is its up-to-date Canadian content. It reflects Canadian values through its references to current Canadian research, discussion of changes in Canadian schools, and coverage of best practices across the country. The case studies have also been revisited to ensure they reflect real, current issues in Canadian schools.

The Broadview Pocket Guide to Writing - Revised Fourth Canadian Edition May 16 2021 The Broadview Pocket Guide to Writing is a concise volume presenting essential material from the full Broadview Guide to Writing. Included are summaries of key grammatical points; a glossary of usage; advice on various forms of academic writing; coverage of punctuation and writing mechanics; helpful advice on how to research academic papers; and much more. Four commonly-used styles of citation and documentation are covered—MLA, APA, Chicago, and CSE. The revised fourth edition includes full coverage of the 2016 MLA Style changes.

Increased emphasis on nurse and client safety, including Safety Alerts embedded throughout the text that highlight safe practices and techniques . New appendix on laboratory values

Psychology Around Us Jul 30 2022 This exciting new textbook for introductory psychology helps to open students' minds to the idea that psychology is all around us. Authors RON COMER and LIZ GOULD encourage students to examine what they know about human behaviour and how they know it; and open them up to an appreciation of psychology outside of the classroom. Psychology Around Us helps students see the big picture by stressing the interconnected nature of psychological science. Almost every chapter within this first edition helps open students' minds to comprehend the big picture with sections that highlight how the different fields of psychology are connected to each other and how they connect to everyday life. This text highlights human development, brain function, abnormal psychology, and the individual differences in each area as cut-across themes to demonstrate these connections. Also included are two-page art spreads to demonstrate exactly What Happens In The Brain When we engage in everyday activities such as eat pizza, study psychology, or listen to music. The art featured in these spreads have been created especially for Psychology Around Us by an award-winning artist with input from faculty on how it will contribute to teaching and learning. Features: Cut Across Connections - Almost every chapter helps students comprehend the big picture with sections that highlight how the different fields of psychology are connected to each other and how they connect to everyday life. What Happens in the Brain When...These two-page art spreads demonstrate exactly what happens in the brain when we engage in everyday activities such as eating pizza, studying psychology, or listening to music. Chapter Opening Vignettes - Every chapter begins with a vignette that shows the power of psychology in understanding a whole range of human behaviour. This theme is reinforced throughout the chapter, celebrating the extraordinary processes that make the everyday possible. Special topics on psychology around us - Each chapter highlights interesting news stories, current controversies in psychology, and relevant research findings that demonstrate psychology around us. The Practically Speaking box emphasizes the practical application of everyday psychology. Helpful study tools - Key Terms; Marginal Definitions; Marginal Notes; Chapter Summaries.

Canadian Families Today Aug 07 2020 This contributed collection of original essays by Canadian scholars examines the issues and trends affecting families in Canada today. The text introduces the sociology of family life by illustrating the changing and diverse definition of families and exploring various life stages and events such as relationship formation and marriage, child-raising, and the life experiences of the elderly. With a wealth of pedagogical features, this new second edition offers students an in-depth and up-to-date introduction to the sociological study of families.

Canadian Copyright Law Jan 24 2022 An updated guide to Canadian copyright law for an age of reckless infringement This fourth edition of Canadian Copyright Law brings you the latest updates according to new Canadian legislation and international agreements. Copyright infringement has always been an invisible crime. Now with near-constant access to the Internet and the mainstream explosion of digital formats, copyright is one of the most important issues for creative professionals, consumers of that media, and those who work in related industries. The line between what is protected and what is "free" is blurring further, and the copyright issues are more complex than ever. Provides a complete update on copyright issues relating to digital media. Takes the convoluted legal jargon of the Canadian Copyright Act and sets it out in everyday language. Provides concrete examples to offer further clarification of complicated matters. Whether you are a creator or user of copyright material, Canadian Copyright Law will keep you current on copyright law in Canada and its applications to your situation—to protect your creations, content, and products in these rapidly changing markets.

Dying and Death in Canada, Third Edition Nov 21 2021 "Dying and Death in Canada offers a comprehensive discussion of dying, death, and bereavement from a Canadian perspective. The third edition has been thoroughly updated and several new topics have been added, including assisted suicide and active euthanasia, end of life care, emerging trends in funerary practices, and changing conceptualizations and interventions in the grieving process. A glossary has also been added along with end-of-chapter review questions and an appendix listing recent and seminal movies, television programs, documentary films, and other visual media sources dealing with dying and death. The new edition includes 22 black and white photos, 4 figures, and 3 tables."--

Contemporary Marketing Mar 02 2020

Chemistry May 28 2022 Olmsted/Burk is an introductory general chemistry text designed specifically with Canadian professors and students in mind. A reorganized Table of Contents and inclusion of SI units, IUPAC standards, and Canadian content designed to engage and motivate readers distinguish this text from many of the current text offerings. It more accurately reflects the curriculum of most Canadian institutions. Instructors will find the text sufficiently rigorous while it engages and retains student interest through its accessible language and clear problem solving program without an excess of material that makes most text appear daunting and redundant.

Introduction to Information Systems Mar 26 2022 WHATS IN IT FOR ME? Information technology lives all around us-in how we communicate, how we do business, how we shop, and how we learn. Smart phones, iPods, PDAs, and wireless devices dominate our lives, and yet it's all too easy for students to take information technology for granted. Rainer and Turban's Introduction to Information Systems, 2nd edition helps make Information Technology come alive in the classroom. This text takes students where IT lives-in today's businesses and in our daily lives while helping students understand how valuable information technology is to their future careers. The new edition provides concise and accessible coverage of core IT topics while connecting these topics to Accounting, Finance, Marketing, Management, Human resources, and Operations, so students can discover how critical IT is to each functional area and every business. Also available with this edition is WileyPLUS - a powerful online tool that provides instructors and students with an integrated suite of teaching and learning resources in one easy-to-use website. The WileyPLUS course for Introduction to Information Systems, 2nd edition includes animated tutorials in Microsoft Office 2007, with iPod content and podcasts of chapter summaries provided by author Kelly Rainer.
