**Cairo Modern** Aug 19 2021 In Naguib Mahfouz's suspenseful novel a bitter and ambitious nihilist, a beautiful and impoverished student, and a corrupt official engage in a doomed ménage à trois. Cairo of the 1930s is a place of vast social and economic inequities. It is also a time of change, when the universities have just opened to women and heady new philosophies imported from Europe are stirring up debates among the young. Mahgub is a fiercely proud student who is determined to keep both his poverty and his lack of principles secret from his idealistic friends. When he finds that there are no jobs for those without connections, out of desperation he agrees to participate in an elaborate deception. But what begins as a mere strategy for survival soon becomes much more for both Mahgub and his partner in crime, an equally desperate young woman named Ihsan. As they make their way through Cairo's lavish high society their precarious charade begins to unravel and the terrible price of Mahgub's Faustian bargain becomes clear. Translated by William M. Hutchins

**Applied Microbial Systematics** Nov 29 2019 Modern approaches to microbial classification and identification, particularly those based on nucleic acid analysis, have raised the awareness and interest of microbiologists in systematics during the past decade. The extended scope of the subject has revolutionized microbial ecology with the demonstration of uncultivable microorganisms as a major component of the biosphere and evolution, with the ribosomal RNA phylogenetic tree as the basis of current classifications. However, advances in microbial systematics have also had enormous impact on other, diverse aspects of microbiology such as animal pathogenicity, plant-microbe interactions and relationships with food. In this book, we survey and discuss in depth the contribution of modern taxonomic approaches to our understanding of the microbiology of these various systems. The book does not concentrate on methods - these have been well reported elsewhere - instead it provides a unique insight into the application and value of modern systematics in diverse branches of microbiology. It will be of value to microbiologists at both research and technical levels who need to appreciate the range of organisms with which they work and the diversity within them. It will also be of value to teachers and students of microbiology courses who want to understand how systematics can enhance microbiology beyond the routine of classification, nomenclature, and identification.

**The Sound of Light** Sep 07 2020 The Sound of Light is a sweeping overview of the history of gospel music. Powerful and incisive, it traces contemporary Christianity and Christian music to the 16th century and the Protestant Reformation after examining music in the Bible and early church music. From the psalms of the early Puritans through the hymns of human composure of Isaac Watts and the social activism of the Wesleys, gospel music was established in 18th century America. With the camp meeting songs of the Kentucky Revival, the spirituals that came from the slave culture, and the hymns from the great revival after the Civil War, gospel music advanced through the 19th century. The 20th century brought recording technology and electronic media to the table. Gospel music has developed with Christian revivals and the history of American gospel music is the history of Christianity in America. Gospel music reflects the American spirit of freedom and the free market as a Christian culture emerges in the 20th century, providing a spiritual as well as economic foundation. The Sound of Light presents gospel music as part of the history of contemporary Christianity. It is a work broad in scope that defines a music essential to understanding American culture as well as American music in the 20th century. Don Cusic is the author of ten books, including the biography Eddy Arnold: I'll Hold You in My Heart and an encyclopedia of cowboys, Cowboys and the Wild West: An A-Z Guide from the Chisholm Trail to the Silver Screen. He joined the faculty at Middle Tennessee State University in 1982, teaching courses in the music business. He earned a Masters and Doctorate in Literature from MTSU. **Muslim Women in Postcolonial Kenya** Jan 24 2022 In education, journalism, legislative politics, social justice, health, law, and other arenas, Muslim women across Kenya are emerging as leaders in local, national, and international contexts, advancing reforms through their activism. Muslim Women in Postcolonial Kenya draws on extensive interviews with six such women, revealing how their religious and moral beliefs shape reform movements that bridge ethnic divides and foster alliances in service of creating a just, multicultural, multiethnic, and multireligious democratic citizenship. Mwalim Azara Mudira opened a school of theology for Muslim women. Nazlin Omar Rajput of The Nur magazine was a pioneer in reporting on HIV/AIDS in the Muslim community. Amina Abubakar, host of a women's radio show, has publicly addressed the sensitive subject of sexual crimes against Muslim women. Two women who are members of parliament are creating new socioeconomic and political opportunities for girls and women, within a framework that still embraces traditional values of marriage and motherhood. Examining the interplay of gender, agency, and autonomy, Ousseina D. Alidou shows how these Muslim women have effected change in the home, the school, the mosque, the media, and more—and she illuminates their determination as actors to challenge the oppressive influences of male-dominated power structures. In looking at differences as opportunities rather than obstacles, these women reflect a new sensibility among Muslim women and an effort to redefine the meaning of women's citizenship within their own community of faith and within the nation.

**A City Called Heaven** Oct 21 2021 In A City Called Heaven, gospel announcer and music historian Robert Marovich shines a light on the humble origins of a majestic genre and its indispensable bond to the city where it found its voice: Chicago. Marovich follows gospel music from early hymns and camp meetings through the Great Migration that brought it to Chicago. In time, the music grew into the sanctified soundtrack of the city's mainline black Protestant churches. In addition to drawing on print media and ephemera, Marovich mines hours of interviews with nearly fifty artists, ministers, and historians--as well as discussions with relatives and friends of past gospel pioneers--to recover many forgotten singers, musicians, songwriters, and industry leaders. He also examines how a lack of economic opportunity bred an entrepreneurial spirit that fueled gospel music's rise to popularity and opened a gate to social mobility for a number of its practitioners. As Marovich shows, gospel music expressed a yearning for freedom from earthly pains, racial prejudice, and life's hardships. In the end, it proved to be a sound too mighty and too joyous for even church walls to hold.

**Youth and Peaceful Elections in Kenya** Nov 02 2022 Elections provide a tremendous opportunity for national transformation and the pursuit of democratic practice. They can be a moment of national renewal. However, in most of Africa elections are often characterized by violent conflict as politicians seek to capture or maintain power through ethnic mobilization, propaganda and misrepresentation. Considering opportunities offered by information technology especially mobile phones and the discovery of extensive natural resources, Africa has an opportunity to significantly change the lives of ordinary citizens. But this transformation requires that youth are fully 'present' in the political, economic, social and cultural arenas. They will need to marshal their energies and stay focused on the things that are important for the continent of Africa. In the case of Kenya, youth should not wait to be invited to take up political leadership. Instead, they will need to invite themselves to the table and take advantage of the opportunity provided in Constitution and demand accountability and transparency in the conduct of national affairs. This book is part of ongoing work at Twaweza Communications in the pursuit of democracy, peace and justice. Themes covered include youth and leadership; elections and peace; youth as peace makers; family and global values among other topics.

**Hypocrites and Mirrors** Feb 10 2021 Kyle Lynch believes in true love. The summer of 1997 and everything has turned to shit. School is over and every person Kyle knows is going out into the new world. Like a group of Columbus' searching for their own new definition. One in which truth, justice, and love all co-exists amongst that which is modern American society. It's 221 years of propaganda, 70 years since the "lost" generation, 35 years since the "beats", and everything else in between. One can only figure it out for himself. So Kyle sets out first to find himself and then to find something to live for. "The search for Mr. Cassady and guy named Raul." An idealist with no actual intellect but a genuine heart Kyle travels from L.A., to home, back to L.A., and then upon a road trip that leads nowhere except into the very depths of his own mind. Kyle: When you sit down and take a look back at yourself sometimes the initial image is quite appealing. Filled with ideals, convictions, beliefs, and a knack for excitement. You or in the case of myself you lament the good times past. That hot red head in San Diego that could suck a dick like it had been her pacifier all her life. Its all glitz and glamour. Looking back you feel old and haggard. Tired and unfulfilled so you lunge harder into your new life that can't by any means live up to the life you've already lived. Its always the search. Life has to be lived, and level, by level we search to grow. Following the rutted path makes no sense when only the exploration means anything. So we embark with no map, and no star to guide us through our travails. No understanding of love. No understanding of right. No wrong. Just life. Left or right... no middle? And so it begins...

**Homer Rodeheaver and the Rise of the Gospel Music Industry** Apr 02 2020 From tent revivals to radio and records with a gospel music innovator Homer Rodeheaver merged evangelical hymns and African American spirituals with popular music to create a potent gospel style. Kevin Mungons and Douglas Yeo examine his enormous influence on gospel music against the backdrop of Christian music history and Rodeheaver's impact as a cultural and business figure. Rodeheaver rose to fame as the trombone-playing song leader for evangelist Billy Sunday. As revivalism declined after World War I, Rodeheaver leveraged his place in America's newborn celebrity culture to start the first gospel record label and launch a nationwide radio program. His groundbreaking combination of hymnal publishing and recording technology helped define the early Christian music industry. In his later years, he influenced figures like Billy Graham and witnessed the music's split into southern gospel and black gospel. Clear-eyed and revealing, *Homer Rodeheaver and the Rise of the Gospel Music Industry* is an overdue consideration of a pioneering figure in American music.

Steve Smith traces the roots of modern black gospel from 19th Century Black pioneers such as Thomas Rutling and the Fisk Jubilee Singers, who performed for Queen Victoria, to the contemporary sound of the London Community Gospel Choir. He tells his story with a wealth of anecdotes and photos. The book is accompanied by an audio CD of the spectrum of British black gospel.

**Active Collections** Jun 04 2020 In recent years, many museums have implemented sweeping changes in how they engage audiences. However, changes to the field's approaches to collections stewardship have come much more slowly. *Active Collections* critically examines existing approaches to museum collections and explores practical, yet radical, ways that museums can better manage their collections to actively advance their missions. Approaching the question of modern museum collection stewardship from a position of "tough love," the authors argue that the museum field risks being constrained by rigid ways of thinking about objects. Examining the field's relationship to objects, artifacts, and specimens, the volume explores the question of stewardship through the dissection of a broad range of issues, including questions of "quality over quantity," emotional attachment, dispassionate cataloging, and cognitive biases in curatorship. The essays look to insights from fields as diverse as forest management, library science, and the psychology of compulsive hoarding, to inform and innovate collection practices. Essay contributions come from both experienced museum professionals and scholars from disciplines as diverse as psychology, education, and history. The result is a critical exploration that makes the book essential reading for museum professionals, as well as those in training.

**Investigative Medium** Jul 26 2019 The true story of an ordinary woman with a remarkable gift. After moving her family to a Maryland plantation, Laine discovers that she can communicate with the house's ghosts - and they tell her a story of slavery, murder, and romance that will change her life forever. A New York Times Best Selling ebook. This beautifully written, heartfelt memoir touched both readers and reviewers. A true tale of self discovery, ghosts, slavery, murder, family and perseverance, this remarkable story follows 40-something Laine, an ordinary mom, who moves with her family to an 18th century Maryland plantation and wakes up suddenly psychic, and the journey she makes to find herself again. Who knew Laine Crosby, former marketing executive at The Weather Channel, had the gift of being a Psychic Medium? Not even Laine, that is, until she moved from Atlanta to the property of an eighteenth century Maryland plantation and woke up talking to a former slave buried in her backyard! Besides going through culture shock, she soon learned that the property was loaded with spirits, largely from a slave cemetery. When they overheard her tell her kids about spiritual realities, they came calling. Lots of them. *Investigative Medium - the Awakening*, examines the gift that was thrust upon Laine who was at first surprised, and then upset, and over time and through experience, embracing of this new way of life. Laine's husband, Chris, twins Annie and Caleb, and even her Jack Russell terrier "Steve" have peripheral ghostly involvement, so it is a family affair, although at first an unsettling one. Along Laine's journey, she meets an unlikely friend, the spirit of Jannette, once nanny to the children on the plantation where she lives. Laine finds similarities in her own life and Jannette's, and with Jannette's friendship, Laine begins her journey down a path of self discovery. Jannette has had a similar tussle with racism and sexism from her 19th-century circumstances to Laine's struggle with prejudices against her spiritual abilities. So, the two stories are parallel. With Laine's new abilities, she becomes Jannette's voice, bringing her back from the antebellum South to tell the incredible story of her life as a slave, and a tender romance is revealed. Interwoven with Laine's personal story, are the first hand accounts of former slaves Jannette and Bill, and others. Once Laine accepts her gift, it is her mother who, from beyond the grave, helps Laine find a way to surrender, and at long last give up on the life she dreamed of having, in order to have the life she was meant to live. Folksy and fresh, endearing and affecting,

Investigative Medium - the Awakening is funny, thrilling and inspiring. The book examines the gift thrust upon Laine, and her acceptance and eventual surrender to the life she is supposed to live.
