How to Write a Great Business Plan Jan 12 2021 Judging by all the hoopla surrounding business plans, you'd think the only things standing between would-be entrepreneurs and spectacular success are glossy five-color charts, bundles of meticulous-looking spreadsheets, and decades of month-by-month financial projections. Yet nothing could be further from the truth. In fact, often the more elaborately crafted a business plan, the more likely the venture is to flop. Why? Most plans waste too much ink on numbers and devote too little to information that really matters to investors. The result? Investors discount them. In How to Write a Great Business Plan, William A. Sahlman shows how to avoid this all-too-common mistake by ensuring that your plan assesses the factors critical to every new venture: The people—the individuals launching and leading the venture and outside parties providing key services or important resources The opportunity—what the business will sell and to whom, and whether the venture can grow and how fast The context—the regulatory environment, interest rates, demographic trends, and other forces shaping the venture's fate Risk and reward—what can go wrong and right, and how the entrepreneurial team will respond Timely in this age of innovation, How to Write a Great Business Plan helps you give your new venture the best possible chances for success.

In The Standout Business Plan, Tracy and Evans reveal how to: Include the vital information backers need, while leaving out extraneous fillers that gets in the way Address key factors such as market demand, competition, and strategy Spell out the essence of your business proposition Outline resources and financial forecasts Assess risk from the backer's perspective Evaluate and improve the plan to ensure its success Your business plan is too important to not get exactly right from the beginning. With the easy-to-follow guidance in The Standout Business Plan, now anyone can present a clear, concise, and convincing case that will win them the funding they need to succeed.
