How to Write and Illustrate a Scientific Paper Dec 09 2020 This second edition of How to Write and Illustrate a Scientific Paper will help both first-time writers and more experienced authors, in all biological and medical disciplines, to present their results effectively. Whilst retaining the easy-to-read and well-structured approach of the previous edition, it has been broadened to include comprehensive advice on writing compilation theses for doctoral degrees, and a detailed description of preparing case reports. Illustrations, particularly graphs, are discussed in detail, with poor examples redrawn for comparison. The reader is offered advice on how to present the paper, where and how to submit the manuscript, and finally, how to correct the proofs. Examples of both good and bad writing, selected from actual journal articles, illustrate the author's advice - which has been developed through his extensive teaching experience - in this accessible and informative guide.

Knitting With Love Knitting Graph Paper 4 Jan 28 2020 Have you ever tried to design a knitting chart using commercially available graph paper, only to knit and find out too late that the proportions are all wrong? This is because knitting stitches are not square but commercially available graph paper is. Graph paper is simply not the best option for knitters. The solution is our special charting graph paper made for knitting. The 'squares' are rectangular just like knitting stitches. In addition every 5 stitches are marked off with a heavier line so it's very easy to count where you are when following a pattern. We have created 2 different ratios to accommodate most knitting situations. A ratio of 4:5 is where 4 stitches is the same length as 5 rows (or 40 stitches = 50 rows). A ratio of 2:3 is where 2 stitches is the same length as 3 rows - which is impossible to measure accurately so you will use 20 stitches = 30 rows. Most knitting is nearer the 4:5 ratio, but knitting double and knitting with very thick yarn could be nearer to the 2:3 ratio. It is best to measure your tension (gauge) and calculate from there. This notebook contains the most common 4:5 ratio. Please click on our name above to see our other professionally printed and bound books including our 2:3 ratio if you have projects that require different a different ratio. Our professionally printed and bound Knitting Graph Paper Notebook makes a wonderfully thoughtful gift for a family member, friend, neighbor, teacher, pastor wife, co-worker and any one else who enjoys knitting Loera Publishing LLC was founded by a Midwest farmer dad and school teacher mom's daughter. Ideas On How To Use This Book: Uses: Knitting paper is used to design knitting charts for new patterns. This grid paper uses rectangular spaces rather than square to reflect the actual shape of knitting stitches. For most knitting projects, choose the 4:5 ratio. This ratio means that 4 stitches measure the same length as 5 rows (40 stitches = 50 rows). For knitting with oversized, thick yarn or knitting double, the 2:3 ratio may be more appropriate. The 2:3 ratio means that 2 stitches measure the same length as 3 rows (20 stitches = 30 rows). It makes an ideal Mother's Day Gift, Grandmas' Gift, Birthday Gift, Christmas Gift, Stocking Stuffer, Knitters Gift. It makes the perfect Back to School Backpack Stuffer Gift for your little girl, yourself, or your family because this type of book is the ideal complementary workbook to use for crafts lessons at school, university, college & vocational classes!

Vogue(r) Knitting Colorwork Paper Jun 22 2019 Knitters who create their own colorwork patterns now have a fun, easy new option! Vogue Knitting: Knitter's Colorwork Paper's pages have outlines in the V shape of an actual knit stitch, not the rectangles of ordinary knitting graph paper--so you can create a better representation of the finished item. It offers two common knitting gauges (5 stitches by 6 rows AND 6 stitches by 8 rows), allowing for hundreds of patterns, and also works for testing alternative color combinations of existing patterns.

I Knit Yarn Periodically Nov 27 2019 This knitting project tracker allows you to
record the details of up to 35 projects. For each project there is a page for listing
pattern, needles, yarns, start and end date, and who project is for. There is ample
room for notes and to add sketches and photos. Each project area also has two
pages of knitters graph paper upon which you can paste photos or chart out designs
and colors. In the back of the book you'll find a needle inventory and conversion
chart, a yarn weight chart, and common abbreviations. There is also a page for you
to use a shopping list - handy for your next trip to the yarn shop!
